Litt om arealbegreper

BRA: Bruksareal for hele boligen. Dette er boligens areal innenfor ytterveggene.

BRA deles opp i ulike kategorier:

BRA-i: Internt bruksareal - arealet innenfor boenhetens omsluttende vegger, inkludert sjakter, innervegger med mer.

BRA-e: Eksternt bruksareal - alle rom utenfor boenheten, og som tilhører denne, eksempelvis boder.

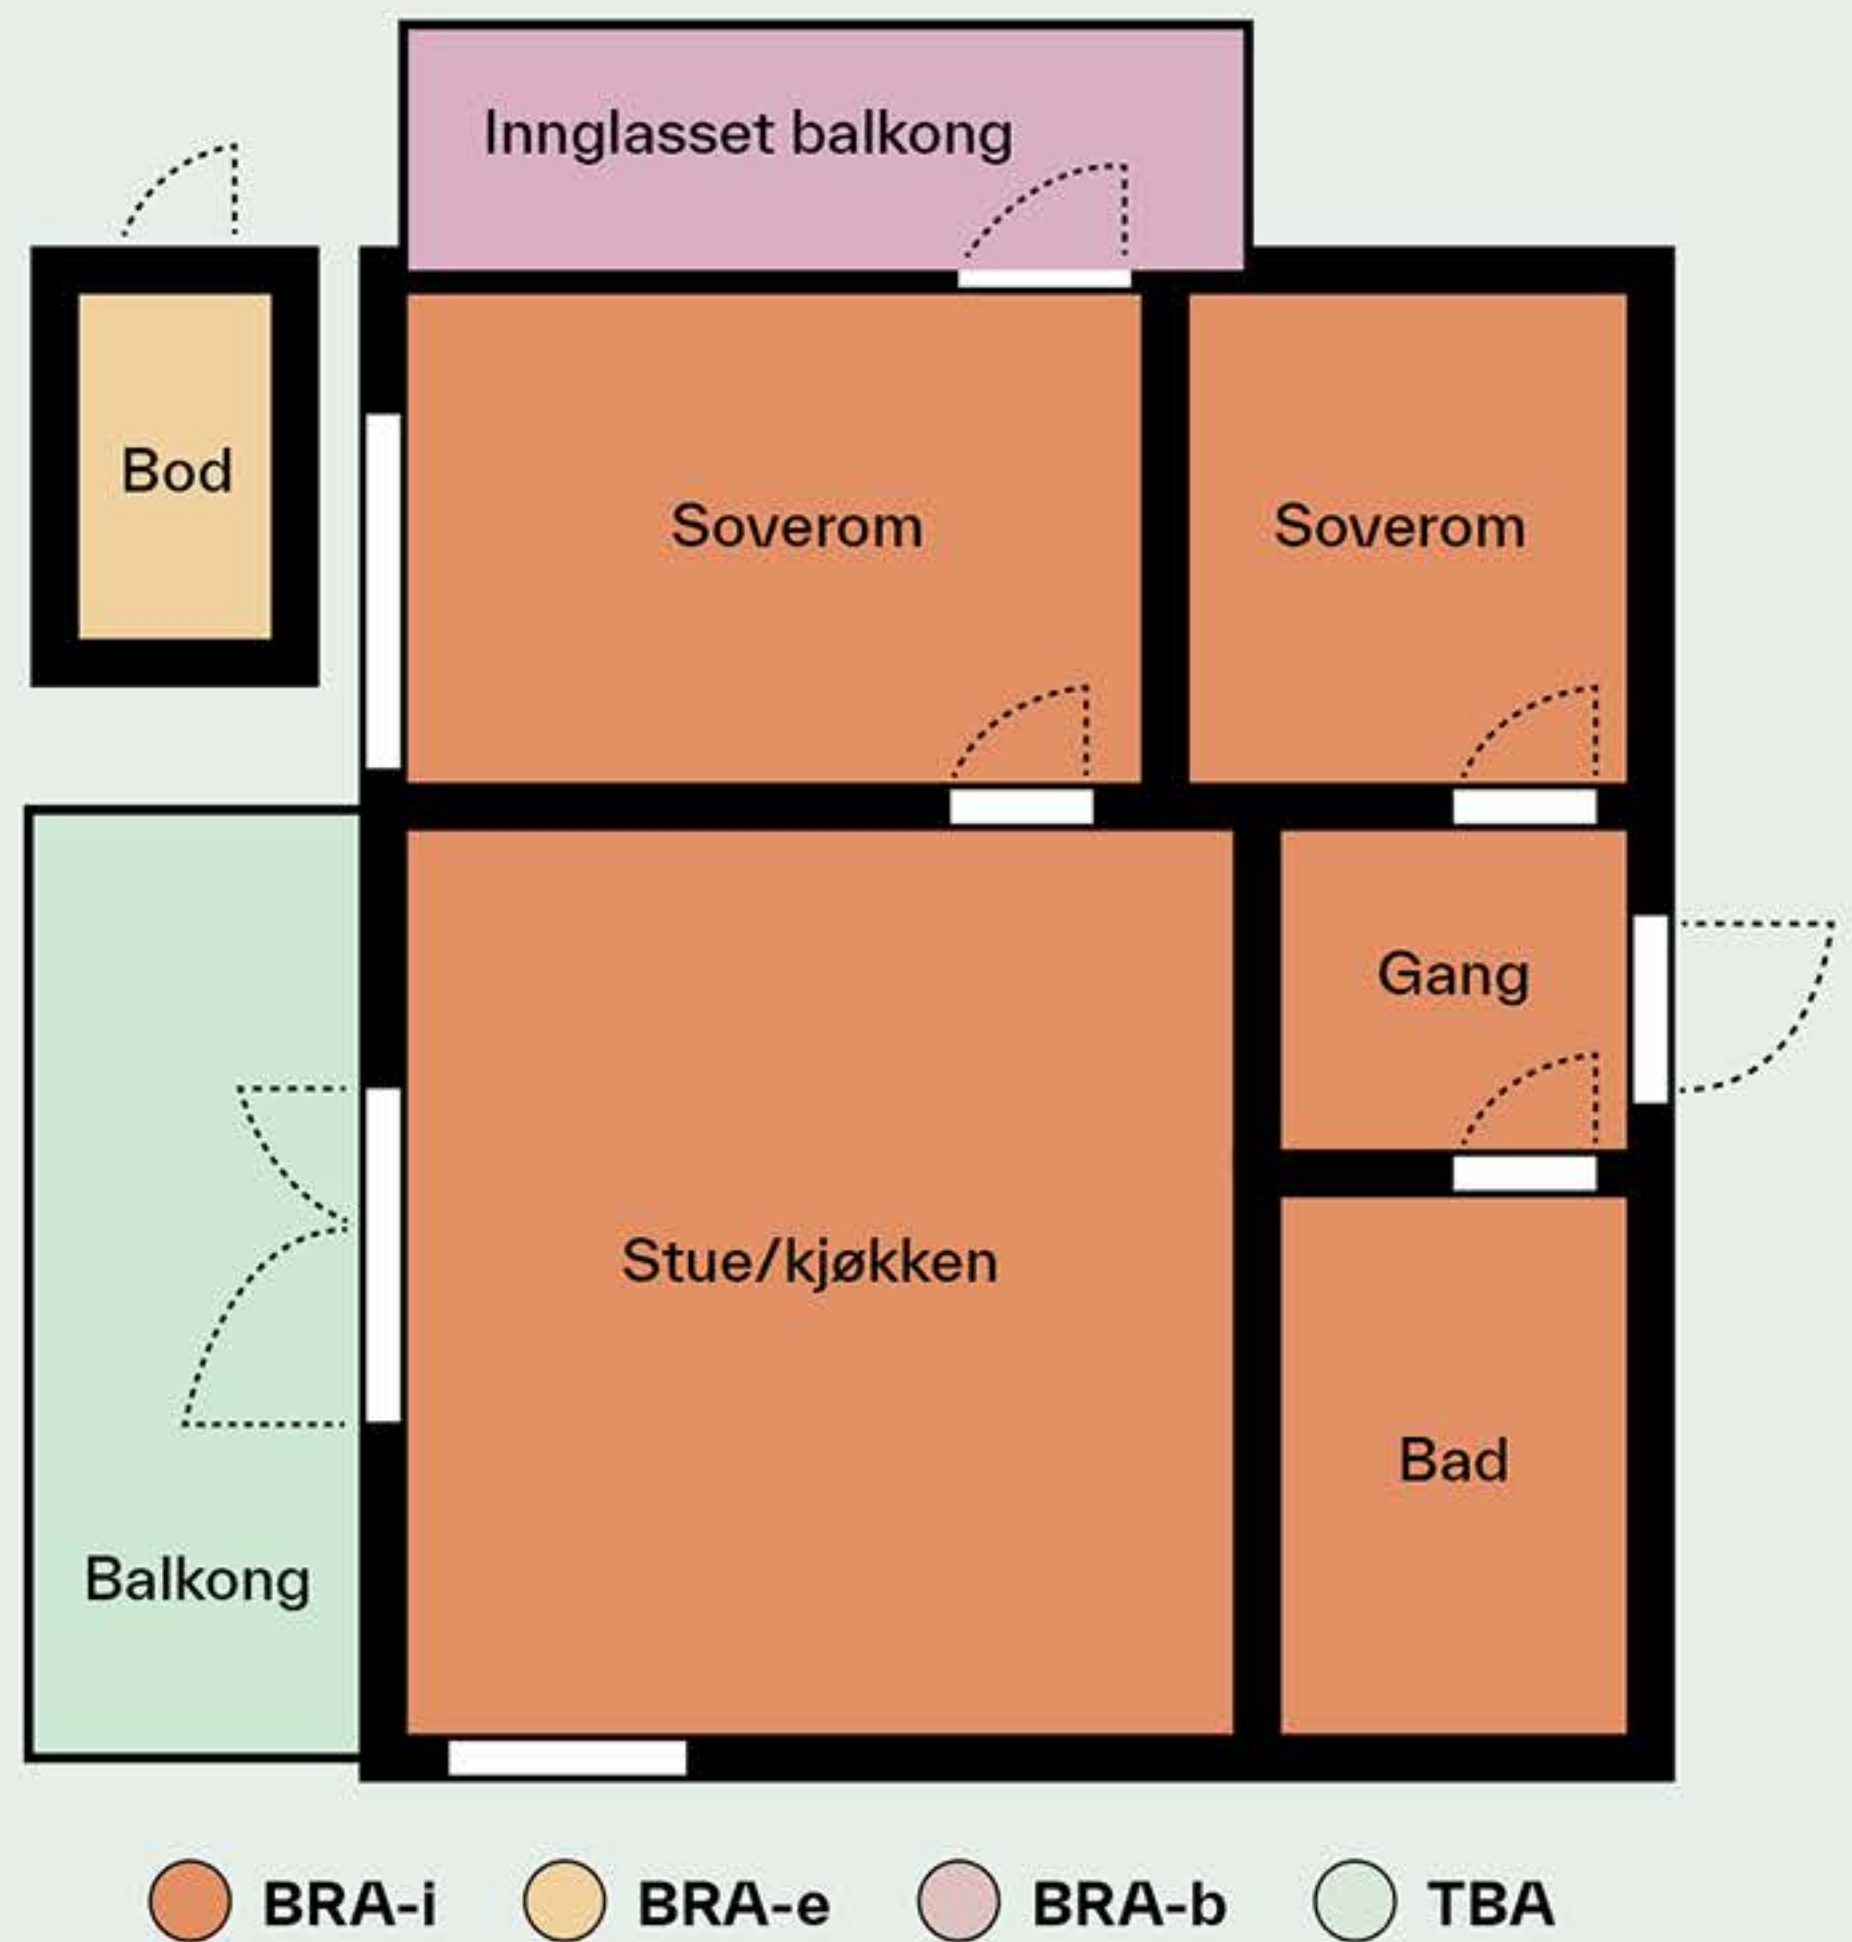

BRA-b: Innglasset balkong - areal av balkong, veranda eller altan som er godkjent for innglassing og tilknyttet boenheten.

Innglassing kan kjøpes som en del av tilvalgsprosessen. BRA-b inngår som en del av det totalt BRA.

Det er også noen andre begrep du bør være oppmerksom på:

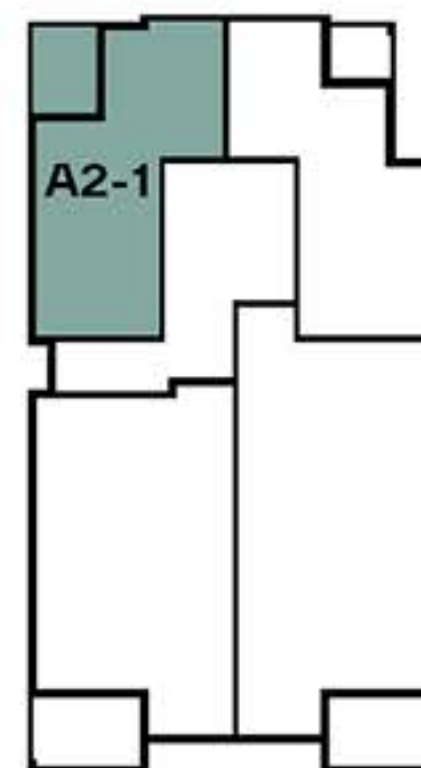

TBA: Terrasse- og balkongareal - gjelder kun åpne arealer som ikke er godkjent for innglassing.

NTA: På plantegningen er det oppgitt areal for de enkelte rom. Dette er nettoarealet innenfor rommets omsluttende vegger.
